

## **Video Memorial Tribute Program**

Honor, remember and affirm the life that has been lived.

Our video department will produce a customized unique video that is formatted to visually blend no more than 50 photographs, which span the life of the deceased, accompanied by beautiful background music.

Your family photographs take on a whole new meaning when they are creatively blended with video and music. The Video Memorial Tribute Program enhances any funeral observance and helps create a new ritual; that honors, remembers, and affirms the life of one who has died. The Tribute Program is truly a Celebration of Life and makes the funeral service more meaningful for your family.

The video can be played during visitations and/or services. The video will be placed on the obituary section of our website, and the family receives 3 DVD copies. Additional copies may also be purchased. **For instructions on gathering photos and music for video tributes, please see the downloadable file: Tribute Video.**

If your family would like to make their own video, Fairfax Memorial Funeral Home (FMFH) is equipped with state-of-the-art audio and video equipment to meet your family's needs:

- 3.5 mm audio plug
- Wireless microphones
- LED flat screen TVs
- Widescreen projector (mounted to chapel ceiling)
  - Retractable projector screen (chapel only)
  - State of the art audio system

To ensure that your video is compatible with FMFH audio and visual equipment it is highly recommended that you test your video twenty-four (24) hours prior to your loved one's service. FMFH takes no responsibility for videos or other audio/ visual media which are not compatible with FMFH equipment. FMFH will not post non-FMFH made videos online.
